FUEL LOCK™

BY INTRAGRAIN TECHNOLOGIES INC.

SECURE IT. VIEW IT. TRACK IT.

FUEL STORAGE MONITORING SOLUTIONS

Security in Numbers. Still unlocking and locking your fuel tanks every time you need to fill up? Have multiple employees? There's a better way. Fuel Lock™ has a keyless entry system sending power to your pump allowing fuel flow. After you fill, it automatically locks at a time that you choose. Just punch in your PIN number, fuel up and go. It's that simple.

FUEL LOCK™ FOR PERSONAL

Secure your fuel. Fuel Lock™ for *Personal* eliminates fuel keys and unlocks your fuel via PIN entry.

- LCD Screen Display
- Connection to new or existing pumps
- Single user PIN entry
- Auto Lock timer between 5-60 minutes
- Compatible with 120V power
- Upgrade to Fuel Lock™ for business at any time

patent pending

FUEL LOCK™ FOR BUSINESS

View and Track your fuel.
